

## **REPLACEMENT UC-2A FOR PARTIAL TRANSFER UC-252 Online and Paper Form Instructions**

A partial transfer of experience occurs when a portion of an existing business (predecessor) is transferred to another business, having or applying for a separate UC account number (successor). If the successor applies for the transfer of experience, or the transfer is mandated under the provisions of the Pennsylvania Unemployment Compensation Law, the form (UC-252) will be used to amend the form(s) UC-2A (Employer's Quarterly Report) previously submitted by the predecessor, and to transfer appropriate wage information to the successor's account. After the effective date of the partial transfer, any benefit payments based on the transferred wages will be charged to the successor account (and, when necessary, credited to the predecessor account). If all employees of the predecessor account were transferred to the successor, this would constitute a full transfer; the form (UC-252) would not be used.

### **Online (UCMS) Wage Replacement Instructions**

1. The employees listed are currently sorted in ascending order according to their Social Security Number. If you wish to re-sort the list of employees by SSN or Last Name, please do so before beginning the process of allocating employees to the Predecessor or Successor. Sorting functionality will not be available once you have navigated away from the first page.
2. For each worker listed, select Predecessor or Successor to designate whether the employee worked in the part of the business being transferred (Successor) or not (Predecessor). You will not be able to continue to the next page until all employees on that page have been allocated to either the Predecessor or the Successor. Similarly, the Submit button should not be selected until all employees on all pages have been allocated.
3. The check boxes in the table header are available to select all employees in the respective columns, but only for the page currently displayed. Please note, however, that you will not be able to allocate all employees either totally to the Predecessor or totally to the Successor.
4. Your selections for each page will be saved when you navigate to the next page. A maximum of 20 employees are displayed per page.
5. If you are submitting wage replacement information for more than one successor on the same acquisition date, employees being transferred to a different successor should be assigned to the Predecessor Account Number on the current screen.
